

PREPARERS

This Airport Master Plan and Airport Layout Plan drawing set was prepared and coordinated by:

EDWARD A. ARMSTRONG

Position:

C.E.O./Consultant
Armstrong Consultants, Inc.
Grand Junction, Colorado

Education:

B.S. Civil Engineering
University of Alaska, Fairbanks
M.S. Civil Engineering
Oklahoma State University, Stillwater

Responsibilities:

Mr. Armstrong is responsible for identification and evaluation of potential environmental impacts associated with the proposed development including air and water quality, socioeconomic analysis and land use studies. He coordinates input from various Federal, State and Local government agencies. Mr. Armstrong coordinated the preparation of the final Environmental Assessment documents.

SUE L. HOLMES

Position:

Airport Planner/Consultant
Armstrong Consultants, Inc.
Grand Junction, Colorado

Education:

B.A., Business Administration
Minor Computer Science
1992, University of Nebraska at Kearney

Responsibilities:

Mrs. Holmes assists in the preparation of Airport Master Plans and Environmental Assessments. Within this scope of work, Mrs. Holmes assists in the development of aviation demand forecasts, inventory of existing conditions, and evaluation of development alternatives. Mrs. Holmes is also responsible for evaluating potential environmental impacts to the proposed development area and land acquisition matters.

JEFFREY L. WOOD

Position:

Draftsman
Armstrong Consultants, Inc.
Grand Junction, Colorado

Education:

A.A.S., Engineering Drafting
Mesa State College, Grand Junction

Responsibilities:

Mr. Wood performs computerized and manual drafting and design for a variety of projects. He is presently utilizing AutoCAD and DCA design and drafting software on a daily basis. By using his knowledge of AutoCAD, Mr. Wood has been able to work on numerous Airport Layout Plan drawing sets at one time. Mr. Wood's expertise assures that all airport planning projects are completed in an efficient and professional manner.
